I suppose Pop and Mom have made
you a visit to day and probably took
you for a ride to settle your dinner.

I received a letter from your mother
Wed. saying that your father was feeling
much better than when he was here, for
which she was quite happy again.

Mrs. Peck and Miss Deary came and
spent Tues. with me Environs called
while they were here.

I think my letter will have to be a
short one as I don't have anything to
write and as the old maxem is, Don't talk
when you've nothing to say. So I will add,
that Edna and I are both well and are
sometimes good natured.

I will send this and maybe I will
get a good long letter in return.

Give my love to Elsie but keep
some for yourself. Sincerely

Grandma.
